

هناك أكثر من ٤٢٥ مليون شخص في جميع أنحاء العالم يتعايشون مع السكري.

السكري يُهم كل أسرة ، وهو السبب الرئيسي للعمى ، والبتير، وأمراض القلب ، والفشل الكلوي ، والموت المبكر.

كل 8 ثواني يتوفى شخص من السكري

THERE ARE OVER 425 MILLION PEOPLE WORLDWIDE WITH DIABETES

Diabetes concerns every family. It is a leading cause of blindness, amputation, heart disease, kidney failure and early death.

every
8
seconds
someone dies
from diabetes

1 in 3 people with diabetes will develop some form of vision loss during their lifetime ¹

People with diabetes are up to three times more likely to develop cardiovascular disease

Kidney failure is ten times more common in people with diabetes ¹

A lower limb is lost to diabetes somewhere in the world every 30 seconds ²

Diabetes is serious but much can be done to reduce the impact.

Complications can be avoided with good management and care. Contact the diabetes care team at Qatar Diabetes Association and other Qatar health sectors for more information
